

MOUNTING LOCATION:

Right side of radio

CELL PHONE & MEDIA MOUNT

INSTALLATION INSTRUCTIONS

** ADVISEMENT **

Read instructions completely prior to starting installation. All InDash Mounts are designed so that after installation, phone is facing normal driver position for left-hand drive vehicles. This mount is not designed to be used in foreign countries with right-hand drive vehicles. Use extreme care when working around the plastic components on the dash. Excess force, can cause breakage of the plastic components.

TOOLS REQUIRED:

8mm socket and driver
Mercedes radio removal
tool set
Clean shop rag
Hook tool

PART#: **75102-199**

MFG: **AUDI**

A4 QUATTRO 98-99*

HARDWARE INCLUDED:

None

* Pre-6/99 mfg.* last 6 VIN#'s < 199998

Also see 75102-600.

- STEP #1** Remove the radio with the Mercedes radio removal tools. Pull radio out enough to remove two screws on the upper corners of each side of the radio. It is not necessary to disconnect the radio. With the 8mm socket remove the two screws and set aside.
- STEP #2** Place the rag over the shifter. With the radio halfway out and using the hook tool pull the trim bezel from the bottom corners to release. Once the bezel is released carefully pull it out along with the radio and let it rest over the shifter with the rag in between to avoid any scratches. **NOTE:** If radio needs to be disconnected you must have the radio programming code to reactivate the radio. May be obtained from customer or by the customer from the dealer where the vehicle was purchased.
- STEP #3** On the right side of the radio cavity remove one screw using the 8mm socket. Take the InDash Mount and place it over the screw hole, align the top hole, and reinstall and secure the bottom screw.
- STEP #4** Carefully push the bezel back into place and install the two screws. Take the radio and connect the antenna wire. Push the radio back into place. Attach the phone holder to the InDash Mount.

INSTALLATION IS NOW COMPLETE. ENJOY YOUR NEW PANAVISE INDASH MOUNT.

Mount Location, Note area in circle.

Note: Configuration of bezel for this model year.
